To Whom It May Concern,

Re: MB Docket No. 04-233

Please don't take away K-Love. It is a very important station to me, 91.9 FM, Because it teaches me to be more loving. My name is Marilly Kepo'D and I'm only 9 years old. This K-Love station good for the community because it teaches us about GOD and shows us how to love and give from our hearts. What happens if you take K-Love away? Not that much people would know about GOD. I believe you should listen to K-Love yourself and it may change your live like it did to mine. Please don't take K-Love away!

Thank You,

A handwritten signature in cursive script, appearing to read "Marilly Kepo'D".

FCC-MAILROOM

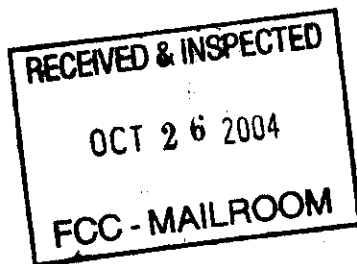

10/19/04

J. Williams & May Concern,
I received a letter notifying me that the FCC is requesting public comment concerning "M.B. Docket No. 04-233." I understand that you are proposing to expand the service of LPFM stations to take priority over national services often heard on FM translators.

I have been listening to the national service K-Love at 91.5 on the FM dial for the past 3 years, on a daily basis. I love waking up to this station in the morning & listening to it throughout my day at home while caring for my 2 sons. This station keeps my spirit lifted up & my focus on what really matters in this world. It is one of the only Christian radio stations that reaches my community. I can leave it on

I not worry about what my
young children will hear because
it is family friendly. If you were
to diagnose K-dove by an LPF
I would not be another doctor
in my community for families to
listen to without fear of the content.
K-dove suggests wholesome values
I have a positive & encouraging impact
on my community & community
all across America. Please preserve
this valuable service. Thank you
for your time & consideration.

Sincerely,
Mam C. Potter

(1)

To Whom It May Concern:

This letter is regarding:
"MB Docket No. 04-233"

I'm asking you to please not allow new LPFM stations to take priority over current FM translator service.

I'm a current financial supporter of K-Love radio - heard on 107.1 and 100.9 in my local area (Eugene, OR). K-Love serves me in a personal way as a resident of my local community. The station's programming is extremely encouraging and positive - very meaningful qualities in our fast-paced world. The music and commentaries inspire and motivate me to go out in the world + be positive + encouraging to others.

If K-Love were to be displaced by an LPFM broadcaster providing other programming, it would have a negative effect on my local community. I personally know many, many people who listen to K-Love

(2)

on a daily basis, K-Love has 4 Pastors on their staff: a Pastor is always available 24 hrs. a day at K-Love. People can call in Prayer requests or get counseling dealing with serious problems in their lives. K-Love Pastors have even prevented people from taking their own lives -- people who called K-Love in desperation + found help + compassion for their deep hurts.

I can't stress enough what an excellent service K-Love provides in the public interest. The people at K-Love communicate the Gospel message --- leading many people to Salvation + deep spiritual growth. K-Love presents both contemporary Christian music and educational programs --- both promoting positive, wholesome family values --- desperately needed in our world today.

Thank you for your consideration of this highly important matter -

Sincerely,

Suzanne Hebert

To Whom It May Concern:

I am writing to let you know that I value the LOVE signal which comes to me via an FM translator. I receive the signal 24 hours a day in my car, my home, and my workplace. My family and colleagues regard this ~~station~~ station as an uplifting part of our lives.

I work in a public school and am not allowed to speak of Christian matters. However, I do listen before school, at lunch, and during my planning time. This helps me to maintain a positive attitude as I work with students. Several of my cohorts also do this. Sometimes a student will hear one of us humming and have commented about listening to a station with Christian music at home or in the car.

At a time when our country is so concerned with violence and the negative effects music has on our culture, I believe it would be a tragedy to replace positive, encouraging music ~~that~~ with the filth that comes across many radio stations. There is no need for delayed broadcast or worrying about what a child may hear.

I implore you to leave FM translators as they are.

Sincerely, Debby Wagner

To Whom it May Concern: FCC

I am not a letter writer, or involved in politics; obviously as I had to scrounge even to find paper. However I thing I am willing to go to bat for is my FM Radio Station. I believe the reference # is "MB Docket No. 04-233."

Every month there is a direct withdrawal from my checking account supporting this station, K-LOVE. Our community thrives on the music from this listener supported station; it is the only positive encouraging music station in this area. Personally I have lived where there was not a station like this before & my head was filled & focused dialy on sin ~~from~~ against my own body & my community as the secular lyrics spoke of sex, drugs, ~~&~~ theft, ~~&~~ suicide, & murder. I hear K-LOVE broadcast in local small business in my community & am uplifted as I know my children will not be forced to ~~be~~ the same thoughts while we are doing community business. I want to be the one responsible for bringing up those subjects.

I ~~am not~~ LPRM station
took ~~of~~ over our K-LOVE station. I
fear there would be few community
places we could go as a family
without approaching subjects & language
that are inappropriate in family
atmospheres. All of the people ~~at~~
I choose to associate with, with
some regularity, listen to this station.
They ~~do~~ listen because it's safe.
Regardless of religion or denomination,
K-LOVE is uplifting & encouraging. It
is obvious to me that any broadcast
"service" that would take away my K-LOVE
station is the product of someone who
simply hasn't had the pleasure of listening.
For us it only took a week, then we
were hooked. I challenge you to the same
K-LOVE.COM will tell you how.

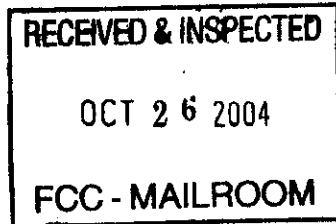

I ~~conceive~~ know our community
would be adversely affected by LPRM
stations taking over. As our youth
search for role models, those like
Stephen Curtis Chapman & Rebecca St. James
would be replaced with Snoop Dog

and Janet Jackson; Many of our
community youth listen to R'LOVE &
have turned from ~~delinquent~~ delinquent
behavior because of it. ~~Doesn't~~
Doesn't community begin w/ youth.
I also know as an adult that
there is no other station that would
mean enough for us to support
& go w/out the comforts of modern
life to do so (internet, cell phones, even cable)
I like hearing cable in my
house, car, & community businesses.
Please don't take it away!

Re: MB Docket No. 04-233

Dear Sirs,;

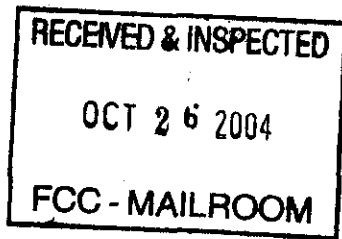

I understand that the FCC is currently reviewing a plan to replace FM translator service with Low Power FM service. This plan is included in MB Docket No. 04-233 currently under review. I am concerned that this plan will disenfranchise residents in local communities presently listening to radio programs transmitted by FM translator services.

In my own case, I am a retired widower who enjoys listening to K-LOVE, which I receive on local FM station 91.1. The music and programming on K-LOVE is comforting and encouraging. I know that there are many other listeners who share my appreciation of the K-LOVE programs and share my concern that this station may be displaced by Low Power FM service broadcasting with different programming.

I do not know the reasons behind the FCC plan, but I would appeal to you to retain FM translator service in local communities. The programming I receive on K-LOVE is a comforting short term respite from the many problems we face in daily living. Thank you for considering my concerns in your review and decision on MB Docket No. 04-233.

Respectfully,

Robert G. Martin

RE: MB Docket No. 04-233

Dear Sirs:

I am asking that you allow K-LOVE to continue broadcasting priorities on the FM translators. I am a K-LOVE listener and am continually blessed by their programming. I listen to no other station, so the loss of K-LOVE would leave a void in my life at work. I believe that K-LOVE serves a public interest in that they continually broadcast wholesome music, up-dates on news and items of public and Christian interest.

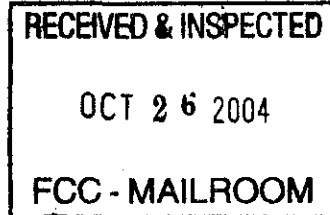

Please take these comments into consideration when deciding whether to allow LPFM stations to pre-empt K-LOVE.

Sincerely,

A handwritten signature in cursive script, reading "Carol A. Hathaway".

Re: MB Docket No. 04-233

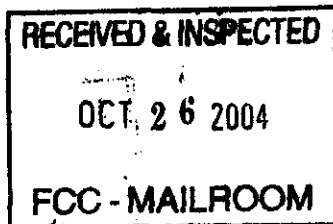

To Whom It May Concern:

I am writing to you in support of K-Love. It is the only radio station I listen to because it broadcasts the music I love, which uplifts me emotionally with no irritating commercials. I can't stand the thought of no longer being able to receive their signal, and I'm sure there are many here in Oklahoma City that feel the same way. Besides their good contemporary gospel they have Christian outreach segments and prayers for their listeners that make them invaluable to this and every other community they serve. Please please PLEASE do not force them off the air.

Sincerely,

Debra A. Fowler

Dear Sir or Madam:

This is in reference to MB Docket # 04-233.

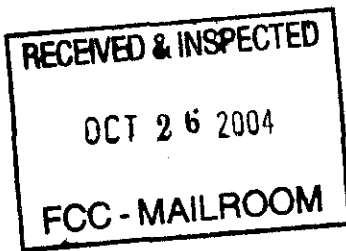

In the Ardmore, Oklahoma area, we receive K-Love on 89.1 through a FM Translator.

If K-Love were forced off the air by low power FM this would be big loss to this area.

Many of us give financial support to K-Love and believe this would be a great loss to the community to lose the K-Love station. There are very few radio stations that have this quality of programming in our area.

Sincerely,

Stelvin & Leeta
Housey

Dear Sir or Madam:

This is a letter in reference to MB Docket No. 04-233. I wish to inform the FCC of the irreplaceable service the KLOVE radio station provides my family and me. Without KLOVE, I would be forced to listen only to the CDs that I purchase. KLOVE is one of kind in that it provides my family spiritually uplifting music and messages. I am not afraid of the content of the sound bites my children might hear on KLOVE as I would on any other secular station. I count on KLOVE to start my day of on a positive note and finish it strong with praise and worship to my heavenly Father. In order to receive this radio station in Seguin, a high signal is necessary. Please do not change anything about the KLOVE station or the signals that are put out. My family would definitely not be the same without the KLOVE station!

Sincerely,

A handwritten signature in cursive script that reads "Michele D. Knight".

To whom it may concern

Reference : MB Docket No. 04-233

I've recently read about a new broadcast service the FCC is introducing called Low Power FM. Unfortunately it appears this service will interfere with ~~the~~ the services I receive from K-LOVE on a FM translator service. K-Love serves me by giving me the only radio station in my area providing ~~me~~ me with clean music, uplifting stories, balanced news and 24 hours of music that promotes good morals. Since K-Love is the only radio station of this type in my area displacing it with a LPFM broadcasting other programming is like banning water, there are no substitutes. Lately the FCC has concerned itself with censoring inappropriate material from the airwaves if you bump K-Love off the air with LPFM you will be inadvertently censoring the values we both seek to promote.

Thanks for your time,
Jack Huston

To Whom It May Concern:

I would like to comment in regards to MB Docket No. 04-233. I am concerned about a new broadcast service LPFM interrupting my local FM translator service.

I would hate to loose my local K-LOVE radio station. It would be a disservice to my local community. K-LOVE brings a wholesome and encouraging message to my community.

Please do not interrupt this service. 99.1, 99.3 and 99.5

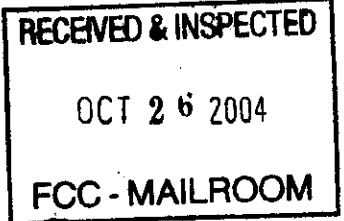

Sincerely,

Tammy Machado 10/24/04

Ref. MB Docket No. 04-233

Gentlemen & Ladies,

I have just been informed that there is a new broadcast service known as Low Power FM (LPFM) which may cause my radio station to go off the air.

K-LOVE FM broadcasts in my area at 88.3, and also 102.7 and 99.3. But I listen to 88.3.

This is my lifeline. I have supported this station for many years. The Christian music and comments are a necessary support to my well-being. I need K-Love Christian radio station.

Many people call in who are at the end of their hope. Some have lost loved ones. Some are on drugs and are looking for a way off drugs. Some just need positive encouragement. I don't believe any other support system could do the work that our beloved K-LOVE Bible-centered Christian radio station does.

Please do not replace K-LOVE. I am a 70 year old lady. I and my husband listen to K-LOVE every day almost 24 hours a day. We need K-LOVE.

Sincerely,

A handwritten signature in cursive script that reads "Shirley Slye".
